

# IMPORTANT INFORMATION FOR CARGO DRIVERS

Due to the ongoing COVID-19 pandemic, Color Line has introduced stricter rules for disease prevention. We have done this in order to guarantee that our ships will be able to operate, also in the future. There are differences in the quarantine rules depending on whether you are travelling for business or pleasure. Therefore, we have set up separate, temporary rules for cargo drivers. Those are based on feedback we have received from other cargo drivers and freight forwarding businesses.

If you are travelling with Color Line between Kiel and Oslo, you must follow the rules specified underneath:

## MEALS

We have established a Truckers' Lounge on deck 6. The entrance is situated amidships on deck 6, by the Taxfree Market. Here, we're serving breakfast, lunch and dinner. Water, tea and coffee free of charge. If you wish to order alcohol other than what is included in your booking, you may do so in connection with the meals. Please use the recycling stations.

Bringing your own alcoholic drinks from outside the Trucker's Lounge is forbidden.
